

# The Proficient Infection Preventionist

12 month webinar series January - December 2022

*Skill building for Infection Prevention & Control in LTC*

## Program Description:

This 12 month webinar series emphasizes skill building for the Post-Acute Care Infection Preventionist with a focus on establishing and managing an effective IPC program in the SNF/LTC/AL setting. This series will provide a framework for supporting the Infection Preventionist with solid systems for sustained infection control, resources for compliant surveillance, data collection and outbreak management, and guidance for managing evolving regulatory requirements through a monthly remote learning group with other Infection Preventionists nationwide.

Invest in developing the proficiency of your Infection Preventionist team—register to join us the third Tuesday of each month January - December 2022!

## Presenter:

**Shelly Maffia**, BSN, MBA, RN, LNHA, QCP, CHC, CLNC, CPC,
